RE: In the Matter of 1993 Annual Access Tariff Filings
GSF Order Compliance Filings (CC Docket No. 93-193)

Dear Mr. Caton:

Enclosed for filing by ALLTEL Service Corporation, on behalf of ALLTEL Carolina, Inc., ALLTEL Illinois, Inc., ALLTEL Michigan, Inc., ALLTEL New York, Inc. and Oklahoma ALLTEL, Inc., are an original and seven copies of a Direct Case in the above referenced proceeding.

Should there be any questions concerning this matter, please contact the undersigned counsel.

Sincerely,

A handwritten signature in cursive script, appearing to read "Carolyn Hill". The signature is fluid and written in dark ink.

GSF Order Compliance Filings)	

Direct Case of ALLTEL Service Corporation

ALLTEL Service Corporation, on behalf of ALLTEL Carolina, Inc., ALLTEL Illinois, Inc., ALLTEL Michigan, Inc., ALLTEL New York, Inc., and Oklahoma ALLTEL, Inc. (hereinafter referred to as "ALLTEL") hereby submits a direct case in response to the Commission's Memorandum Opinion and Order Suspending Rates and Designating Issues for Investigation ("Order"), DA 93-762, released June 23, 1993, and the Erratum, DA 93-940, released July 22, 1993, in the captioned proceeding.

Background

In the Report and Order released May 19, 1993, in CC Docket 92-222, Amendment of the Part 69 Allocation of General Support Facility Costs ("GSF Order"), FCC 93-238, the Commission amended Section 69.307(b) of its Rules in order to correct the misallocation of general support facility (GSF) investment and related expenses among the Part 69 access categories for local exchange carriers (LECs). The revised rule increased the apportionment of GSF costs to common line while reducing the

apportionment of GSF costs to other Part 69 access elements. This rule change was designed to allocate costs among service categories in a manner that would result in more cost-based rates for access services. This rule change was adopted by the Commission to facilitate the implementation of expanded interconnection for LEC transport services. (GSF Order, p. 7-8). The Commission believed that the impact from the GSF rule change would be negligible. (Id. at 8.)

Pursuant to the GSF Order, LECs were to file tariff revisions reflecting the effect of the changed allocation process on fourteen days' notice, to become effective July 1, 1993, the same date their annual access tariff filings were to go into effect. On June 17, 1993, ALLTEL submitted the required GSF tariff filing.¹

Subsequently, in the context of its review of the LECs' annual access tariff filings, the Common Carrier Bureau ("Bureau") considered the GSF tariff filings. The Bureau noted that petitions to suspend/reject the GSF filings were due at virtually the same time it was releasing the order on the annual access tariff filings. As a result, there was only limited time to conduct a necessary review of the GSF issues, and, in an abundance of caution, the Bureau concluded that an investigation was warranted to determine whether the GSF filings complied with the Commission's GSF Order. Thus, the Bureau ordered the suspension for one day of all GSF tariff filings, imposed an accounting order, and

¹ Transmittal No. 10 to ALLTEL Telephone System ("ATS") Tariff F.C.C. No. 1.

ordered an investigation. No party filed to suspend or reject ALLTEL's GSF filing, Transmittal No. 10. However, to comply with the Bureau's suspension order, ALLTEL filed ATS Transmittal No. 11 on June 29, 1993.

GSF Investigation

Various issues were designated by the Bureau with respect to GSF. However, of these issues, only issue 6, "Have the LECs properly reallocated GSF costs in accordance with the GSF Order?" (Order, p.36), is applicable to ALLTEL. In response, ALLTEL states as follows:

ALLTEL Has Reallocated GSF Costs in Accordance with the GSF Order and the Resulting Rates are Just and Reasonable.

Based on ALLTEL's analysis of the Commission's GSF Order, ALLTEL determined that the required reallocation of GSF costs could be made by a straightforward adjustment to its Part 69 allocation model. After the required reallocation of GSF costs was made, revised rates were developed for the test year period, July 1, 1993 to June 30, 1994. All base financial data, demand, and special study information underlying these rates was carried forward unchanged from ALLTEL's annual access tariff filing made on April 2, 1993.

The impact on ALLTEL's rates from the reallocation of GSF costs was consistent with the Commission's projections in the GSF Order. That is to say, traffic sensitive switched and special access rates decreased while there was a negligible effect on subscriber line charges (SLCs). Because ALLTEL participates in NECA Tariff F.C.C. No. 5 for carrier common line (CCL), the increase to the CCL portion of the common line revenue requirement was reflected in NECA's GSF filing.

Decreases in the traffic sensitive switched access rates of the ALLTEL companies ranged from 11.1% to 19.5% while their decreases in traffic sensitive special access rates ranged from 11.9% to 19.7%. Expectedly, the total revenue impact on multi-line business SLCs was very minimal or only \$6,168. This represents an average increase of 0.04 cents per multi-line SLC per month. These results are demonstrated in the attached Appendices. Thus, Appendix A sets forth the pre- and post-effects of the GSF reallocation on the ALLTEL rates as well as the percent changes. Appendix B sets forth the net revenue requirements impact resulting from the GSF reallocation.

In summary, based on the aforesaid and the GSF data submitted in connection with ATS Transmittal No. 10, ALLTEL submits that it has demonstrated that its reallocation of GSF costs was in accordance with the Commission's GSF Order. In its rate development process, all base financial data, demand, and special study information underlying the rates was carried forward from ALLTEL's annual access tariff filing

made on April 2, 1993. The rate impact was negligible which was consistent with the Commission's projections. Moreover, no party petitioned against ALLTEL's rates and ALLTEL believes that those rates have been shown to be just and reasonable.

WHEREFORE, it is respectfully requested that the Commission terminate its investigation in this proceeding with respect to ALLTEL.

Respectfully submitted,
ALLTEL Service Corporation
